

Persuasion is a song from Santana's first smash album released back in 1969. Persuasion is also the name of the best and only consistently performing Santana Tribute Band in Quebec and Canada!

We formed in 2010 and are based in Montreal, and we've established ourselves as the ultimate in Santana tributes, paying homage to one of the world's greatest guitarists, Carlos Santana. With singing guitar riffs, infectious rhythms and explosive percussion, we faithfully recreate most of Santana's first three albums and many of his later hits as well.

Think of Oye Como Va, Black Magic Woman, Evil Ways, Corazon Espinado, Maria Maria, Smooth, Soul Sacrifice, and many many more fantastic Santana songs and you know when you are at one of our shows you will be on your feet all night long!

Our band is comprised of 7 musicians, all seasoned pros that have united to perform the music and the spirit of Carlos Santana and the Santana Band. Our sound features his melodic, blues-based guitar lines set against Latin and African rhythms. Once you feel and hear the power of Persuasion you won't be able to sit still!

We've performed at many of the great clubs and events in and around Montreal including Club Dix30, Corona Theatre, Bar Chez Maurice, Strangers in the Night Starlight Foundation gala, the Rialto Theatre, Theatre St-Denis as part of the Bud Rock concert series and many more!
